

Missouri Organization Website Verification Report

Executive Summary

Most Missouri government domains and major health-organization sites in the earlier Missouri list verified cleanly over HTTPS and matched the intended organizations. The most important corrections were the Missouri Hospital Association, where the older `web.mhanet.com` address now resolves to `www.mohospitals.org`; the pediatric chapter listing, where `mcaap.org` is actually the Massachusetts chapter and the correct Missouri chapter is `missouriaap.org`; and the addiction-medicine entries, where Missouri is now represented through the Midwest Society of Addiction Medicine rather than a standalone Missouri-only chapter site. ¹

I was able to live-open and inspect nearly every corrected or canonical site. The main exception was the Missouri Board of Pharmacy page on the state professional-registration domain: search results clearly identified the official board page, but direct browser fetches in-session timed out or returned a gateway error, so I do not treat that URL as fully live-verified here. For every site that did successfully open, the browser tool surfaced no HTTPS certificate warning. ²

Verification Method

I used the Missouri list from the immediately preceding message as the “expected URL” set. For each entry, I attempted to open the expected HTTPS homepage or supplied page. If the URL was outdated, non-canonical, or blocked by the browser tool’s own safety guard before opening, I searched for the organization’s official homepage, opened the official result, and recorded the verified/canonical URL.

For “Loads?,” I marked **Yes** only when I could actually open the HTTPS page in-session. For “Redirected?,” I recorded the final URL when the browser tool explicitly reported one, or noted when the expected URL needed correction instead of redirect verification. “Title/Header match?” reflects whether the verified page title or a prominent on-page heading matched the intended organization.

Verified URL Table

Organization name	Expected URL	Verified URL	Loads?	Redirected?
Missouri Department of Health and Senior Services	<code>https://health.mo.gov/</code>	<code>https://health.mo.gov/</code>	Yes	No observed

Organization name	Expected URL	Verified URL	Loads?	Redirected?
Missouri Department of Mental Health	https://dmh.mo.gov/	https://dmh.mo.gov/	Yes	No observed
Missouri Division of Behavioral Health	https://dmh.mo.gov/behavioral-health	https://dmh.mo.gov/behavioral-health	Yes	No observed
Missouri Board of Pharmacy	https://pr.mo.gov/pharmacists.asp	https://www.pr.mo.gov/pharmacists.asp	No	Could not verify live red canonical behavior
Missouri Pharmacy Association	https://www.morx.com/	https://www.morx.com/	Yes	No observed
Missouri State Medical Association	https://www.msma.org/	https://www.msma.org/	Yes	No observed
Missouri State Medical Association Advocacy	https://www.msma.org/advocacy/	https://www.msma.org/advocacy/	Yes	No observed

Organization name	Expected URL	Verified URL	Loads?	Redirected?
Missouri Nurses Association	https://www.missourinurses.org/	https://missourinurses.org/	Yes	Correction — canonical https://missourinurses.org/
Missouri Chapter — American Academy of Pediatrics	https://mcaap.org/	https://missouriaap.org/	Yes	Correction required
Missouri Society of Addiction Medicine	https://msam-asam.org/	https://mwsam.org/	Yes	Correction required
ASAM — Missouri Chapter	https://www.asam.org/membership/state-chapters/missouri	https://www.asam.org/membership/state-chapters/midwest	Yes	Correction required
Missouri Poison Center	https://missouripoisoncenter.org/	https://missouripoisoncenter.org/	Yes	No observed

Organization name	Expected URL	Verified URL	Loads?	Redirected?
Missouri Hospital Association	https://web.mhanet.com/	https://www.mohospitals.org/	Yes	Yes — https://www.mohospitals.org/
Missouri Behavioral Health Council	https://mbhc.org/	https://www.mobhc.org/	Yes	Correction required
Preferred Family Healthcare	https://pfh.org/	https://pfh.org/	Yes	No observed
Burrell Behavioral Health	https://www.burrellcenter.com/	https://www.burrellcenter.com/	Yes	No observed
Compass Health Network	https://compasshealthnetwork.org/	https://compasshealthnetwork.org/	Yes	No observed
Sana Lake Recovery	https://www.sanalake.com/	https://sanalake.com/	Yes	Correction — canonical https://sanalake.com/
Harris House Treatment and Recovery Center	https://harrishousestl.org/	https://harrishousestl.org/	Yes	No observed

Organization name	Expected URL	Verified URL	Loads?	Redirected?
Missouri Department of Public Safety	https://dps.mo.gov/	https://dps.mo.gov/	Yes	No observed
Missouri State Highway Patrol	https://www.mshp.dps.missouri.gov/	https://www.mshp.dps.missouri.gov/MSHPWeb/index.html	Yes	Yes — https://www.mshp.dps.missouri.gov/MSHPWeb/index.html

Missouri Police Chiefs Association	https://www.mopca.com/	https://mopca.com/	Yes	Correction — canonical https://mopca.com/
Missouri Attorney General	https://ago.mo.gov/	https://ago.mo.gov/	Yes	No observed
University of Missouri–Kansas City School of Pharmacy	https://pharmacy.umkc.edu/	https://pharmacy.umkc.edu/	Yes	No observed
St. Louis College of Pharmacy at UHSP	https://www.uhsp.edu/college-of-pharmacy/	https://www.uhsp.edu/academics/st-louis-college-of-pharmacy/	Yes	Correction required

Organization name	Expected URL	Verified URL	Loads?	Redirected?
Missouri Association of Community Task Forces	https://moact.org/	https://actmissouri.org/	Yes	Correction required

Representative Spot Checks

A particularly important correction was the pediatric chapter entry. The expected domain, mcaap.org, explicitly identified itself as the Massachusetts chapter, not Missouri. The correct Missouri pediatric chapter homepage is missouriaap.org, whose title and footer identify the Missouri Chapter, American Academy of Pediatrics. ¹⁰

The Missouri Hospital Association entry was easy to normalize because the old legacy address, web.mhanet.com, redirected directly to www.mohospitals.org, and the destination page loaded with the title “Home | Missouri Hospital Association.” ¹⁴

The addiction-medicine entries were not just minor URL fixes; they reflected an organizational change. ASAM’s chapter directory currently places Missouri in Region VII under the Midwest Society of Addiction Medicine, and the chapter page itself points users to mwsam.org, where the homepage states it serves Kansas, Nebraska, and Missouri. ²⁹

Analytical Findings

The Missouri state-government entries were generally stable and authoritative. The strongest matches were the core [.mo.gov](https://www.mo.gov/) domains for DHSS, DMH, DPS, and the Attorney General, along with the Highway Patrol redirect under the official DPS/Missouri state infrastructure. The bigger cleanup needs were concentrated among associations and nonprofits, where non-canonical [www](https://www.) forms, retired domains, rebrands, or organizational consolidations were common. That pattern showed up with the Missouri Nurses Association, Missouri Hospital Association, Missouri Behavioral Health Council, Missouri Police Chiefs Association, Sana Lake, UHSP’s pharmacy page, and ACT Missouri. ³⁰

If you need a cleaned Missouri outreach/reference list, the safest corrected URLs from this audit are <https://missourinurses.org/>, <https://missouriaap.org/>, <https://mwsam.org/>, <https://www.asam.org/membership/state-chapters/midwest>, <https://www.mohospitals.org/>, <https://www.mobhc.org/>, <https://sanalake.com/>, <https://mopca.com/>, <https://www.uhsp.edu/academics/st-louis-college-of-pharmacy/>, and <https://actmissouri.org/>. The only entry I would still keep flagged for a follow-up live check is the

Missouri Board of Pharmacy, because the official state board URL was identifiable but not fetchable during this session. 31
